

Dima Jawad

Associate Professor, Civil Engineering

O: E2031

T: 09.218950, Ext. 2518

E: djawad@ndu.edu.lb

Biography

Dr. Dima Jawad is an Associate Professor in the Department of Civil Engineering at Notre Dame University- Lebanon. Dr. Jawad has a Ph.D. degree in Civil Engineering (transportation) and Master's degree in Urban Planning and Development from Rutgers University, New Jersey, USA. Dr. Jawad has more than 10 years of experience in graduate and undergraduate teaching and academic research. Her area of research covers transportation engineering and planning, economic and multi-criteria evaluation of transportation and infrastructure projects, sustainable systems. She also has several years of industry experience in post-war rehabilitation and reconstruction of cities in Lebanon where she has worked as a consultant for the public sector as well as the World Bank projects via the Council of Development and Reconstruction in Lebanon. Dr. Jawad is a member of the Lebanese Order of Engineers, the American Society of Civil Engineers.
