

Bachir Maroun

Senior Lecturer, Department of Computer Science

O: F8

T: 06.416100, Ext. 3148

E: bmaroun@ndu.edu.lb

Biography

Bashir Maroun received his B.S degree in computer science from Balamand University in 1998 and his M.S. degree from Notre Dame University (NDU) in 2001. His master thesis investigates the Hyperlink Induced Topic Search (HITS) algorithm, provides variations to its input parameters and attempts to combine linkbased with text-based analysis in order to create more accurate search methods. He has been a member of the Faculty of Natural and Applied Sciences since 2001. His interests lie in computer programming, internet technologies, data structures, algorithms, machine learning and artificial intelligence.
