Biography

Born in Kousba El koura, Lebanon. I received a B.Sc. and a M.SC. in informatics from the Lebanese University, Fanar, Beirut, and a Ph. D. degree also in informatics from the Aristotle University of Thessaloniki, Greece in 1996. Currently, I am an Assistant professor at Notre Dame University Louaizeh, Lebanon. My research interests include the areas of Information systems design, database technology, medical database systems, information systems security, and data mining.
