

UPDATE YOUR RECORD

Have you moved? Changed Jobs? Started a new career? Changed your Phone number or e-mail address? Opened a facebook account? Do you have any personal updates to share?

Let us know! Tell us so that we can update your record in our database, and inform you of the latest news, events, benefits and services that we offer to NDU Alumni.

The Alumni Affairs Office has been charged by Notre Dame University (NDU) with maintaining accurate information on all of its graduates.

One of the Office's primary goals is to build an information management system to keep records on more than 10,000 NDU alumni. Mrs. Rose Mady is working hard and smart to maintain the most comprehensive addressable list of alumni members.

Most of this identifying information is discretionary, but the more information you provide, the better we'll be able to serve you.

To update your record, simply send us your information as complete as possible via e-mail to: alumni.affairs@ndu.edu.lb. We have already sent out e-mails with an attached form to be filled out. In case you did not receive it, you are kindly asked to inform us through the above e-mail.

Make sure we don't lose contact with you!!!!!!
