

All applicants must meet the Math proficiency and Composite Score requirements of the Faculty to be admitted to its respective majors. Accordingly, remedial courses may be given upon admission.

Faculty Requirements			
Faculty	French Baccalaureate Requirements in S3	International Baccalaureate Requirements in G12	Lebanese Baccalaureate Required Strands
Ramez G. Chagoury, Faculty of Architecture, Arts and Design	<p>No specific requirements.</p> <p>Students applying to the Bachelor of Architecture are given one Math remedial course MAT103 and one Physics remedial course PHS101 upon admission depending on the Composite Score.</p>		
Faculty of Business Administration and Economics	<p>No specific requirements.</p> <p>One Math remedial course MAT105 is given upon admission depending on the Composite Score.</p>		
Faculty of Engineering	<p>Students must show a record of at least one Math course and one Science course from the below list:</p> <ul style="list-style-type: none"> > Physique-Chimie (6h) > Sciences de la vie et de la terre (6h) > Numérique et sciences informatiques (6h) > Sciences de l'ingénieur (6h) <p>One Math remedial course MAT112 is given upon admission depending on the Composite Score.</p>	<p>Math at High Level (HL), Physics and another Science at Standard Level (SL) are required, except for Chemical Engineering, where only Math at High Level (HL) and Chemistry at Standard Level (SL) are required.</p> <p>One Math remedial course MAT112 is given upon admission depending on the Composite Score.</p>	<p>Life Sciences and General Sciences.</p>
Faculty of Humanities	<p>No specific requirements.</p>		
Faculty of Law and Political Science	<p>No specific requirements.</p> <p>To be eligible to join the Bachelor of Law program (to become lawyers, barristers, notary publics, civil servants), students must hold the Lebanese Baccalaureate or its equivalence (French and International Baccalaureate) as well as the Lebanese nationality.</p>		
Faculty of Nursing and Health Sciences	<p>No specific requirements.</p> <p>One Math remedial course MAT101 is given upon admission depending on the Composite Score.</p> <p>For BS-Food Safety and Quality Management, one Math is required*.</p> <p>*If the Math course requirement is not met, one Math course is given upon admission.</p>		<p>No specific requirements.</p>

Faculty of Natural and Applied Sciences Requirements

For French Baccalaureate Holders:

Required in S3	Major	Math	Physique-Chimie	Science de la Vie et de La Terre	Physique-Chimie or Science de La Vie et de La Terre
Physics		✓	✓ Otherwise, PHS101 is given.		
Computer Science		✓		✓*	
Math, CGA, IT, Chemistry, Actuarial Sciences		✓			✓ Otherwise, PHS101 or BIO101 or CHM101 is given.
Biology, Biochemistry, Environmental Science					✓ Otherwise, BIO101 or CHM101 is given.
Management Information System		No specific requirements.			

✓: Required.

✓*: "Physique-Chimie" and "Science de La Vie et de La Terre" are required.

If "Physique-Chimie" and "Science de La Vie et de la Terre" are not taken, PHS101 and CHM101 are given upon admission.

If "Physique-Chimie" or "Science de La Vie et de la Terre" is taken, PHS101 or CHM101 or BIO101 is given upon admission.

**Faculty of Natural and Applied Sciences Requirements
For International Baccalaureate Holders:**

Required in G12	Major	Math at High Level (HL)	Math at High Level (HL) or Math at Standard Level (SL)	Any Science at Standard Level (SL)
Math, Actuarial Sciences		✓		✓ Otherwise, PHS101 or BIO101 or CHM101 is given.
Physics		✓		✓ Physics at Standard Level (SL), otherwise PHS101 is given.
Computer Science		✓		✓**
IT, CGA, Chemistry			✓	✓ Otherwise, PHS101 or BIO101 or CHM101 is given.
Biology, Biochemistry, Environmental Science				✓ Otherwise, BIO101 or CHM101 is given.
Management Information System				No specific requirements.

✓: Required.

✓**: Two Science at Standard Level (SL) are required.

If one Science at Standard Level (SL) is taken, CHM101 or PHS101 or BIO101 is given.

If no Science at Standard Level (SL) is taken, PHS101 and CHM101 are given.

**Faculty of Natural and Applied Sciences Requirements
For Lebanese Baccalaureate Holders:**

BACC.II Strand	Major	General Sciences or Life Sciences	Sociology and Economy	Literature and Humanities
Physics		✓	✓ MAT112 and PHS101 are given	
Actuarial Sciences		✓	✓ MAT112 and PHS101 or BIO101 or CHM101 are given	
Mathematics		✓	✓ MAT112 is given	
Computer Science		✓	✓ MAT112 and PHS101 or CHM101 are given	
IT, CGA		✓	✓	
Chemistry		✓	✓ MAT112 and BIO101 or CHM101 are given	
Biology, Biochemistry, Environmental Science		✓	✓	✓ BIO101 or CHM101 is given
Management Information System		✓	✓	✓

✓: Required.

Abbreviations:

BIO101: Introduction to Biology

CHM101: General Chemistry I

PHS101: General Physics I

MAT112: Calculus and Analytic Geometry II

You may contact the Office of Admissions on admission@ndu.edu.lb or 09208079 for further details.
