Let us support students at Notre Dame
University-Louaize;

Let us take their hands and help them
build their lives.

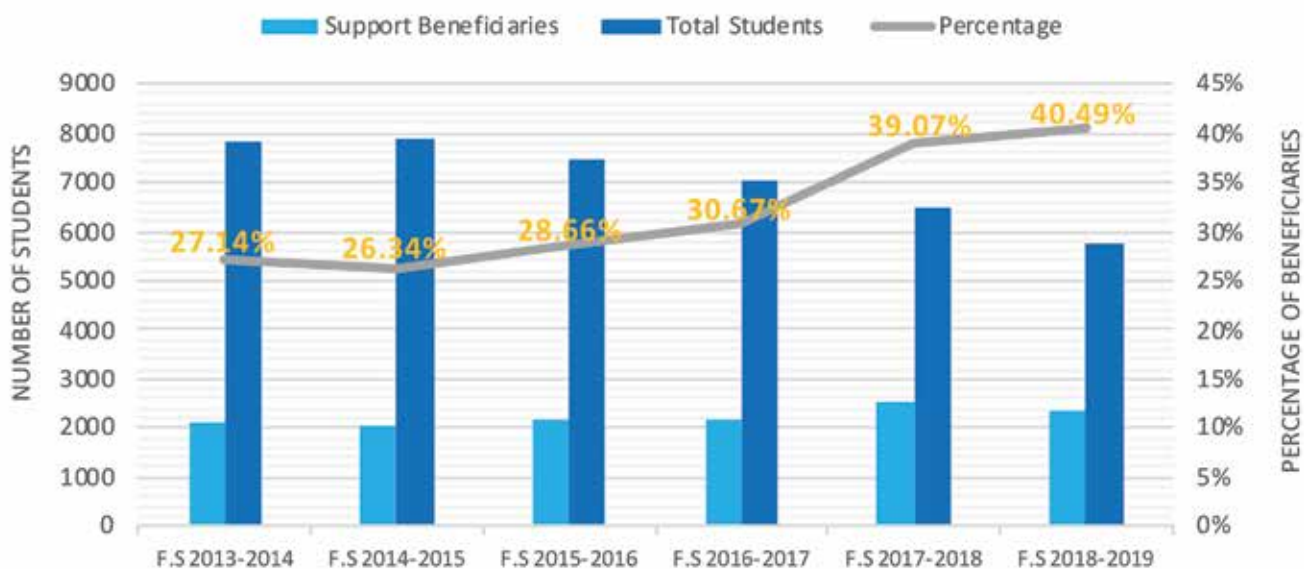

Believing in the potential of our young students drive us to seek all ways of supporting them, especially in the current economic downturn, where we have seen an increase in the request for financial support.

NDU has increased by 19.1% students financial assistance in the last two years

True to its mission, NDU administration **is increasing** student financial assistance despite the lack of external funds.

Our audited financial statements by EY are a solid proof of **an increase of 1.7M US Dollars**, or 19.1%, in financial assistance between academic years 2016-2017 and 2017-2018. Below figure shows an increase in the percentage of students receiving financial assistance over the past six years.

Headcount And Percentage of Supported Students

Only Fall and Spring semesters are showcased for consistency.

NDU tuition is lower by at least 35% than the tuition of other institutions of Higher Education that are similarly accredited by renowned organizations (e.g. NECHE/NEASC) and/or have similar prestigious programmatic accreditations (e.g. ABET).
