

Nassar Mendalek

Associate Professor

O: S331

T: 09.218950, Ext. 2100

E: nmendalek@ndu.edu.lb

Biography

Dr. Nassar Mendalek received the B.E. degree in electrical engineering from St. Joseph University, Beirut, Lebanon, in 1983, and the M.E. degree, and the Ph.D. degree, both in electrical engineering, from the Ecole de Technologie Supérieure, Montreal, Canada, in 1997 and 2003, respectively. Since 2004 he has been with the Department of Electrical, Computer and Communication Engineering at Notre Dame University-Louaize, Lebanon. He was at Ecole de Technologie Supérieure, Montreal, as a visiting professor from September 1, 2015 to August 30, 2016, and as a professional researcher from September 1 to December 30, 2016. His current research interests involve different aspects related to multilevel power electronic converters, including configurations, dynamic behavior, control, and applications. He is also implicated in research works related to power electronics interfaces in renewable energy systems.

Peer-reviewed Journals
