Biography

Mrs. Sawsan Sleiman has been a full-time Laboratory Instructor in the Department of Civil and Environmental Engineering since 2013. Mrs. Sleiman obtained her master's degree in Civil Engineering, specializing in public works from the Lebanese University in 2009. In 2023, she furthered her education at Notre Dame University-Louaize, earning a Master of Science degree in Civil Engineering with a focus on project management. From 2009 to 2013, She worked as worked as a Project Structural Engineer at CCL Engineering, specializing in post-tensioning design. Currently, her role at NDU involves teaching, supervising, and coordinating civil engineering laboratories. She actively participates in Erasmus+ projects, contributing to workshops and training sessions in Lebanon and abroad. Mrs. Sleiman also plays an integral role in various experimental research projects and events at NDU.
