

Wissam Nabih Haddad

Laboratory Instructor

O: FE – 2.09

T: 09.218950, Ext. 2708

E: wissam.haddad@ndu.edu.lb

Biography

Wissam Hadad is a Lab. Instructor at NDU civil labs. His analytical thinking is viewed as a life-learning process while conducting teaching techniques during classes and experiments. He received his degree, B.E, from LAU enhancing the “grasping-process” towards reaching the objectives stated as per the university specs under ABET. His MBA degree in finance from MEU helped in widening the scope of the “common-sense” in concepts and applications to think in the abstract and research. Also, his ACI certificate gave the whole process a great momentum towards a more real-life applications in asphalt and concrete.

Finally, he is conducting currently occasional site trips for students at his classes to acquaint them on the latest applications in civil engineering.
