Biography

Ms. Natasha Mourany is a Lecturer of Mathematics at NDU. She holds a Bachelor's and Master's degree in Mathematics, along with an MBA in Finance and Economics from Notre Dame University-Louaize. Her diverse educational background equips her with a unique perspective on the intersection of mathematics and finance.

With over 16 years of teaching experience, she has worked extensively with university students and has taught various courses in Mathematics. Her teaching approach focuses on fostering critical thinking and problem-solving skills, enabling students to apply mathematical concepts in real-world contexts.

Beyond her teaching, Ms. Mourany actively participates in university committees and initiatives aimed at enhancing the academic experience for students. She is also involved in mentoring students, helping them navigate their academic and career paths and guiding them in their studies.
